Ms. Varsha Patel
Founder and Head of Schools
Castle Montessori Schools
5050 Legendary Drive
Frisco, TX 75034

Dear Ms. Patel,

On behalf of Children's Health, thank you for supporting our young patients during your Red Balloon Walk. The contributions raised by the enthusiastic and motivated students of five Castle Montessori Schools totaled over \$8,500 for our institution. These significant investments propel our clinical programs, supportive services, research endeavors, and population-wide efforts to strengthen the overall health of children in North Texas.

Philanthropy is increasingly crucial to the organizations and programs that transform and better our communities. In times like these, we truly appreciate your choice to join us in our very important mission to make life better for children. The confidence and generous support of friends and partners like Castle Montessori Schools and its students further verify the special privilege Children's has in preserving the well-being of current and future generations.

Sincerely yours,

A handwritten signature in blue ink that reads "Brent Christopher".
